

# EVENING NEWS REVIEW.

14TH YEAR. NO. 20.

EAST LIVERPOOL, O., FRIDAY, JULY 1, 1898.

TWO CENTS

## FOR THE ATTACK

Troops Being Mobilized Fast as Possible.

## HARD ROAD TO TRAVEL

Work of Bringing the Artillery Forward Very Difficult.

## MOVEMENT OF THE MEN IS EASY.

Pack Trains, Wagons and Ambulances Also Cause Delay—Rear Guard of the Army Cutting Its Way Through the Heavy Undergrowth—General Shafter Has Taken Up His Quarters With General Wheeler at the Front—The Fleet Ready to Fight.

ON BOARD THE DISPATCH BOAT DANDY, OFF JURAGUA, province of Santiago de Cuba, June 29, via Kingston, Jamaica, July 1.—The forces of the American army are being mobilized as rapidly as possible in the vicinity of Aquadores, four miles from Santiago de Cuba. The moment the tedious task is completed the attack on Spain's last ditch in Eastern Cuba will be begun. When that will be General Shafter himself cannot say.

The troops can be moved without serious delay and are pushing forward rapidly, but the movement of the pack trains, wagons, ambulances and artillery is taxing the skill and endurance of the officers and men to the utmost.

From Baiquiri, where the artillery was loaded, to the present point of concentration the road runs through a tangle of tropical undergrowth, up and down steep hillsides and over treacherous swamp-bordered trees for a distance of over 12 miles. Through this continuous thicket the rear guard of the army is cutting its way. Engineers are at work leveling the track and filling pits while a large force of regulars and volunteers with axes, aided by Cubans with machetes, are hacking down trees and clearing out the brush. A few light guns have already reached this port. The siege guns are not yet within five miles of the vanguard.

General Shafter left his ship today and took up his quarters with General Wheeler at the front. His appearance there gave rise to the rumor that an attack on Santiago would occur tomorrow, but the staff officers tonight say it is impossible to get the army in shape to strike a blow for several days.

About 2,000 troops are camped four miles east of the besieged city and the remainder of the forces stretch along the road from there to Jaragua and Baiquiri.

The advance forces are in a semi-circle, the left flank resting about two miles from those under command of General Chaffee, with the extreme right, under command of Colonel Miles, about a mile to the northwest. Beginning with the Twelfth infantry at the extreme left, the Seventh, Seventeenth, Fourth, Twenty-fifth and Tenth infantry extend to the right in the order named. Beyond them picket lines are established three-quarters of a mile nearer, Santiago city being in plain sight of General Chaffee's and Colonel Miles' troops.

Much amusement has been caused among the officers by the large number of Red Cross flags flying from buildings in Santiago. Seven such flags could be counted today, and it is reported that two more were hoisted to night. They are all flying from the largest and most prominent buildings, and our officers say the Spanish soldiers evidently intend to thus try to protect every place in the city offering a good mark for the American artillery.

For the past day or two the landing places have been without incident. The hospital corps has finished its camp and several patients are already undergoing treatment. There are quite a few cases of measles under the care of physicians, but the majority of the cases of sickness result from the heat and the extreme hardships the men have undergone, particularly in waiting for shelter and food during the landing off Santiago.

The fleet lies silently and grimly waiting for the moment to come when it shall finally measure its strength with the harbor batteries.

All day long four American men-of-war lay within a mile and a half of Morro's guns, but not a shot was exchanged. The sailors on board could almost have exchanged words with the soldiers ashore, and the fact that the Spaniards did not risk a shot or two is taken to indicate that perhaps they are very short of ammunition. The Iowa, Massachusetts, Indiana and New Orleans could easily have been hit, as they lay almost motionless within such easy range, but Morro might have been a country schoolhouse for all the hostile demonstration it made.

GENERAL LAWTON'S HEADQUARTERS, FIVE MILES OFF SANTIAGO DE CUBA, June 29, via Kingston, July 1.—The American troops spent yesterday in feeling for the enemy, otherwise engaging in reconnaissance. General Shafter in person, with a small escort, went almost to Caney, a small town five miles northeast of Santiago de Cuba, with

which city it is connected by railroad. The American officers generally expect a movement today to capture Caney, which is a short five miles north-east of Santiago. This, however, is not official. Such a move should draw the Spaniards in force from Santiago, but in view of their previous retreats when our army might have been seriously harassed on the march an aggressive move upon the part of the Spaniards is considered unlikely.

### Alleged Battle Rumor.

MADRID, July 1.—A rumor was in circulation here last night, though unconfirmed, that there has been a great battle at Santiago de Cuba, resulting in favor of the Spaniards.

## MORE TROOPS FOR SHAFTER.

Second Tampa Expedition Believed to Be Under Way—More Men to Be Sent.

WASHINGTON, July 1.—The second expedition from Tampa to reinforce Shafter appears to have encountered almost as many difficulties as the original expedition in getting away. It was confidently expected here that the start would be made from Tampa last Monday, but one difficulty after another has arisen to retard the movement so that it was with a feeling of relief that the news came to the department yesterday from Tampa that the flagship of the expedition, the Hudson, had swung out into the stream Wednesday night and was ready to lead the procession of transports, which it is believed by this time are under way bound for Santiago.

It is calculated that the second instalment of the reinforcements dispatched to Shafter from Camp Alger via steamer from Newport News, Va., reached him yesterday on the Harvard and the steamer Yale is expected at Newport News tomorrow, returning from her first trip with Duffield's soldiers to take more reinforcements, probably including Garretson's battalion.

It is said to be Secretary Alger's intention to continue to dispatch reinforcement after reinforcement to Shafter until he has an overpowering force at his command. The secretary believes that no ground is lost in this way, for if there is an overplus of troops at Santiago they can be easily used elsewhere. Major General Coppinger is not to go to Santiago with any of these additional forces. He is senior to General Shafter, and if sent to Santiago by virtue of the army regulations would assume command of the army in front of that place. Therefore it is likely that he will be reserved for the command of the Porto Rican expedition.

## CAMARA WARNED AWAY.

Fleet Ordered to Stop Coaling and Told That It Must Leave Port Said.

CAIRO, July 1.—The following official announcement was made yesterday afternoon: "The Spanish ships at Port Said began coaling from their own colliers, which arrived from Spain. The Egyptian government notified them that they could not allow this and that it must stop forthwith and that they must also leave Port Said, as the 24 hours' limit had been greatly exceeded. The Spaniards then stated that their ships wanted repairs and began discharging coal and other material in order to repair."

WASHINGTON, July 1.—United States Consular Agent Broadbent has just made a most master stroke, which he has reported to the department. While the Spanish ships were seeking permission of the Egyptian government to take coal at Port Said the consular officer succeeded in quietly buying up all of the coal available at that port. This amounted to 20,000 tons, and it is in a good place to be shipped to Dewey; to serve as a base of supplies for Commodore Watson's eastern squadron when it enters the Mediterranean; or to coal any American vessels that may pass through the Suez canal bound to the Asiatic station, if it should be decided that it is permissible for warships to take on coal at Port Said.

## A WARNING TO SCORCHERS.

Fast Bicyclists Unfit Physically For Army Service.

CHICAGO, July 1.—Dr. S. C. Stanton, who has charge of the examination of the recruits for the United States regular army in this city, has caused a sensation among medical men by declaring that an habitué as rider of bicycles, or a "scorcher," is unfit physically to serve as a soldier in the army. He has made this matter the subject of his severest tests in his examinations of applicants for enlistment, and many men have been rejected because of a "bicycle heart," as the practitioner terms it, caused by excessive exercise in riding a wheel.

### Abused by Robbers.

GREENSBURG, July 1.—W. J. Patterson was assaulted and tortured by two robbers in his barn early yesterday morning until he revealed the hiding place of his money. Then they bound and gagged him, went into the house and bound and gagged his aged mother, and secured about \$50 in money and a gold watch valued at about \$200. They mounted their bicycles and started toward Saltsburg. Patterson got loose and he and a neighbor pursued them.

## KAISER HOSTILE.

He Would Like to Interfere In the Philippines.

## MINISTERS OPPOSE HIM.

Hohenlohe and Von Buelow Know United States Would Resent It.

## MEANING OF SALISBURY'S SPEECH

Said to Be Considered by Diplomats as Indicating the Partiality of Great Britain Toward This Country—Utterance Connected With a Visit Paid to the British Premier Recently by United States Ambassador Hay—Alleged Statement of a Spanish Ambassador.

LONDON, July 1.—A letter written by a Berlin diplomat of the highest position asserts that it is due to the German cabinet to say that Germany's attitude has been thus far correct, that the emperor of Germany was determined to interject himself into the war between Spain and the United States and that he has only been restrained by the imperial chancellor, Prince Hohenlohe, and the minister for foreign affairs, Baron Von Buelow, from some step which the United States would be obliged to resent.

LONDON, July 1.—Though on casual reading the Marquis of Salisbury's speech at the United club Wednesday night seems to have been an attempt to carry water on both shoulders, the diplomatic body here construes it as a pronouncement of Great Britain's partiality. There is no doubt the premier intended his remarks as a hint to the powers that Great Britain is in sympathy with the United States, and the intimation to that effect was called forth by Germany's alleged attitude in the question of the Philippine islands.

The declaration that the United States is animated in the present war by an "elevated philanthropy" is the passage upon which stress is laid, and many people find a connection between the premier's speech and the recent visit of Colonel John Hay, the United States ambassador, who again conferred with the Marquis of Salisbury yesterday.

In the course of another visit yesterday Colonel Hay officially informed the Marquis of Salisbury of the blockade of the southern coast of Cuba. It is known that the Spanish ambassador, Count Rascon, cabled the Marquis of Salisbury's speech to Madrid, although it could not have been a surprise to him, as he recently informed a colleague that he had unquestionable information to the effect that there was an "ironclad alliance" between Great Britain and the United States before the war was begun.

### For a Fourth Expedition.

SAN FRANCISCO, July 1.—Preparations for the fourth Philippine expedition are almost completed. The troops at Camp Merritt are equipped and are drilling five hours daily. Commissary stores for another expedition can be obtained and put aboard vessels within a short time. The sole cause of delay is that on account of chartering vessels and the necessity of refitting passenger steamers before they can be made to serve as troopships.

### Tons of Mail Matter.

WASHINGTON, July 1.—Tons of mail matter for the soldiers and sailors operating in Santiago province and with Sampson's fleet are stored at Tampa awaiting transportation. Arrangements have been made through the efforts of Assistant Secretary Meiklejohn by which the transports leaving Tampa are to ship this mail matter as fast as practicable.

### Fifteen Regiments to Tampa.

WASHINGTON, July 1.—It was stated at the war department yesterday that notwithstanding the reports from Chickamauga, only 15 regiments are under orders to be sent away from that place at an early date, and that their destination is Tampa.

## STILL MUST FIGHT QUAY.

Judge Gordon Adjures His Friends That It Is Their Supreme Duty.

PHILADELPHIA, July 1.—Judge Gordon, upon his return from Altoona last evening, made a statement on the results of the Democratic state convention, in which he said that agreements of months' standing were dissolved in a night. He further said in part: "The first open and important move in the Quay campaign began at the threshold of the Democratic convention. I have been honored by being the victim of its success. Proud of my friends, I equally appreciate the distinct honor involved in the methods and agencies employed to compass my defeat—methods and agencies, however, to which I ought to say Judge Jenks, I am sure, was no party."

"But duty and obligation to the welfare of the state still survive. I adjure all my friends—compatriots in the effort to establish good government in Pennsylvania—not to forget the cause they and I were united in promoting. Whatever else is lost that cause must be upheld and its banner followed. No sense of disappointment, no smart from the wounds of perfidy must for a moment deflect us from the supreme duty of rescuing the commonwealth from the shame and debasement of Quay rule."

fort to establish good government in Pennsylvania—not to forget the cause they and I were united in promoting. Whatever else is lost that cause must be upheld and its banner followed. No sense of disappointment, no smart from the wounds of perfidy must for a moment deflect us from the supreme duty of rescuing the commonwealth from the shame and debasement of Quay rule."

## THE SENTIMENT ABROAD.

Dewey Speaks of Friendliness Among Englishmen He Met—Effect of Result at Manila.

NEW YORK, July 1.—Chauncey M. Dewey returned yesterday on the German steamer Kaiser Wilhelm der Grosse. Regarding the sentiment toward the United States he said that in France feeling was most bitter against this country.

In England there was a complete reverse of sentiment. Six weeks' time had changed the sentiment of 35 years, and all animosities were buried by the tide of sympathy and universal approval and feeling of relationship, which was binding against the world.

Mr. Dewey further said that the rest of Europe is anxiously watching the apprehended entrance of the United States into their circle in the far east. Their position is one of distrust. They are trying to solve the problem of the influence upon their interests of that Anglo-American alliance which they think either exists or is inevitable. Even if disposed to interfere in our war they are restrained by the belief that any movement in that direction would precipitate an alliance with England.

The victory of Admiral Dewey at Manila and the daring and splendid effort of Lieutenant Hobson at Santiago have done incalculable service in convincing continental Europe of our fighting calibre and arousing enthusiasm in England.

English statesmen whom he met all said: "Keep the Philippines, share with us China and open ports of the east."

## AFFAIRS CRITICAL.

Intercepted Dispatches of Admiral Cervera Reveal Conditions at Santiago.

PLAYA DEL ESTE, Guantanamo Bay, July 1.—Intercepted dispatches from Admiral Cervera show a critical state of affairs at Santiago. Both food and ammunition are reported to be getting very short and the latter will be exhausted very soon.

For some days the fleet has been unable to draw a shot from the batteries off the harbor entrance, even though going very close in shore.

The cruiser New Orleans has left for Key West.

## FLAG GIVEN COMPANY F.

Morgan Engineering Company at Alliance Made the Presentation.

ALLIANCE, O., July 1.—Company F, Eighteenth regiment, Pennsylvania volunteer infantry, was yesterday presented with a beautiful silk flag by the officials of the Morgan Engineering company. A large crowd of citizens was present, and the company's employees were given a half hour's vacation to witness the ceremonies. David Fording made the presentation speech and Captain Jeffers responded. Three rousing cheers for the engineering company, for Company F and for "Old Glory" closed the exercises.

Private Norris was selected as color-bearer. The flag is a beauty, of the regulation size, having embroidered on the center stripes in gold letters the words "Company F, Eighteenth Regiment, Pennsylvania Volunteer Infantry." It is the most costly flag ever seen in this city.

## PROSPECTS OF A FIGHT.

McKeesport Man Wants a Battle Soon.

The backers of Martin Lee, of McKeesport, have issued a challenge to Mike Farragher, now in this city, for a 20-round contest or finish fight. This afternoon Farragher's manager mailed Lee a letter, accepting the challenge and placing the purse at from \$100 to \$500 a side.

Farragher is now in the best possible condition for his fight with Best, and when he was seen this morning he said he thought there would be a sore individual somewhere within a few days, and he did not think it would be him.

## REVENUE STAMPS

Were Received at the Freight Depot Yesterday.

Freight Agent Thomas yesterday received 7,000 revenue stamps from the government.

The stamps are of one-cent denomination, and the letters "I. R." are printed on the face of the stamp in red ink. The stamps are placed on all original bills of lading by the company, and if on the second and third duplicates stamps are required they will be put there at the expense of the shippers. At the office of the cashier stamps will be placed on all receipts.

## THE BATTLE IS ON

It Began Near Caney This Morning.

## GEN. LAWTON'S DIVISION IN IT

He Will Move on the Northwest Part of Santiago—A General Assault by Land and Sea Forces—The Vesuvius Used Her Dynamite Guns With Good Effect—Hard Fighting.

WASHINGTON, July 1.—[Special]—The long expected battle at Santiago is now in progress, according to a telegram received this morning from General Shafter.

The dispatch says the fight was in progress at the time at which it was sent, but the firing was light and desultory, the Spaniards replying in a half hearted manner. It began on the right not far from Caney, and General Lawton's division is engaged. The telegram closes with the statement that Lawton will move on the northwest part of Santiago at once.

Important information is expected this afternoon.

## A GENERAL ASSAULT.

Land and Naval Forces Are Now Engaged.

PLAYA DEL ESTE, July 1.—[Special]—The general assault on Santiago by the land and sea forces of the United States began this morning. The advance was made at an early hour, and the battle raged fiercely along the whole line.

The bombardment by the fleet was terrific, the Vesuvius using her dynamite guns with terrible effect.

At this hour no details can be given, but hard fighting is in progress, the advance of the American troops being steady. Nothing is known of the casualties.

## IN A SHORT TIME

The Jury Decided a Madison Township Case.

LISBON, July 1.—[Special]—The entire forenoon was spent in court in arguing the case of G. H. Dyke against Sylvester Huff. After Judge Smith charged the jury it retired, and in less than an hour brought in a verdict for the defendant. It means that in the opinion of the jury the note upon which the suit was based is a forgery. The amount involved is \$250.

The Smith Lumber Co. secured a verdict for \$232 against John Shrader.

A marriage license was issued to F. A. Hart and Nellie B. Orr, Salineville. H. C. Jones has been appointed administrator of the estate of T. G. Rogers, late of Middleton township. Bond \$12,000.

## NEXT MONDAY.

Is the Time Set For the Eighth Ohio to Move.

The last word from Camp Alger says that General Garretson's men are impatiently awaiting the return of the Yale to Newport News. When she reaches that point the Eighth will be hurried forward. If she is not there before tomorrow night the Eighth will remain in camp until Monday as the department will move no troops on Sunday. Everything is ready for departure. Typhoid fever has broken out in the Sixth Massachusetts and a number of men are ill.

The Eighth is generally conceded to be the best equipped regiment in camp.

### Sent Pigeons Away.

This afternoon a lot of pigeons were shipped to Dennison, on the Panhandle road. There were 12 pigeons in the basket, and they are expected here this evening.

### Pennsylvania Avenue Sidewalks.

The work of laying the Pennsylvania avenue sidewalks will be commenced next week by Contractor Rinehart and will be rushed to completion.

### Working on Jethro Street.

The work of paving in Jethro street between the sidewalk, and the street railway track was commenced yesterday.

# EVENING NEWS REVIEW.

14TH YEAR. NO. 20.

EAST LIVERPOOL, O., FRIDAY, JULY 1, 1898.

TWO CENTS

## FOR THE ATTACK

Troops Being Mobilized Fast as Possible.

## HARD ROAD TO TRAVEL

Work of Bringing the Artillery Forward Very Difficult.

## MOVEMENT OF THE MEN IS EASY.

Pack Trains, Wagons and Ambulances Also Cause Delay—Rear Guard of the Army Cutting Its Way Through the Heavy Undergrowth—General Shafter Has Taken Up His Quarters With General Wheeler at the Front—The Fleet Ready to Fight.

ON BOARD THE DISPATCH BOAT DANDY, OFF JURAGUA, province of Santiago de Cuba, July 29, via Kingston, Jamaica, July 1.—The forces of the American army are being mobilized as rapidly as possible in the vicinity of Aguadores, four miles from Santiago de Cuba. The moment the tedious task is completed the attack on Spain's last ditch in Eastern Cuba will be begun. When that will be General Shafter himself cannot say.

The troops can be moved without serious delay and are pushing forward rapidly, but the movement of the pack trains, wagons, ambulances and artillery is taxing the skill and endurance of the officers and men to the utmost.

## AFFAIRS CRITICAL.

Intercepted Dispatches of Admiral Cervera Reveal Conditions at Santiago.

PLAYA DEL ESTE, Guantanamo Bay, July 1.—Intercepted dispatches from Admiral Cervera show a critical state of affairs at Santiago. Both food and ammunition are reported to be getting very short and the latter will be exhausted very soon.

For some days the fleet has been unable to draw a shot from the batteries off the harbor entrance, even though going very close in shore.

The cruiser New Orleans has left for Key West.

### FLAG GIVEN COMPANY F.

Morgan Engineering Company at Alliance Made the Presentation.

ALLIANCE, O., July 1.—Company F, Eighteenth regiment, Pennsylvania volunteer infantry, was yesterday presented with a beautiful silk flag by the officials of the Morgan Engineering company. A large crowd of citizens was present, and the company's employees were given a half hour's vacation to witness the ceremonies. David Fording made the presentation speech and Captain Jeffers responded. Three rousing cheers for the engineering company, for Company F and for "Old Glory" closed the exercises.

Private Norris was selected as color-bearer. The flag is a beauty, of the regulation size, having embroidered on the center stripes in gold letters the words "Company F, Eighteenth Regiment, Pennsylvania Volunteer Infantry." It is the most costly flag ever seen in this city.

### PROSPECTS OF A FIGHT.

McKeesport Man Wants a Battle Soon.

The backers of Martin Lee, of McKeesport, have issued a challenge to Mike Farragher, now in this city, for a 20-round contest or finish fight. This afternoon Farragher's manager mailed Lee a letter, accepting the challenge and placing the purse at from \$100 to \$500 a side.

Farragher is now in the best possible condition for his fight with Best, and when he was seen this morning he said he thought there would be a sore individual somewhere within a few days, and he did not think it would be him.

### REVENUE STAMPS

Were Received at the Freight Depot Yesterday.

Freight Agent Thomas yesterday received 7,000 revenue stamps from the government.

The stamps are of one-cent denomination, and the letters "I. R." are printed on the face of the stamp in red ink. The stamps are placed on all original bills of lading by the company, and if on the second and third duplicates stamps are required they will be put there at the expense of the shippers. At the office of the cashier stamps will be placed on all receipts.

## THE BATTLE IS ON

It Began Near Caney This Morning.

## GEN. LAWTON'S DIVISION IN IT

He Will Move on the Northwest Part of Santiago—A General Assault by Land and Sea Forces—The Vesuvius Used Her Dynamite Guns With Good Effect—Hard Fighting.

WASHINGTON, July 1.—[Special]—The long expected battle at Santiago is now in progress, according to a telegram received this morning from General Shafter.

The dispatch says the fight was in progress at the time at which it was sent, but the firing was light and desultory, the Spaniards replying in a half hearted manner. It began on the right not far from Caney, and General Lawton's division is engaged. The telegram closes with the statement that Lawton will move on the northwest part of Santiago at once.

Important information is expected this afternoon.

## A GENERAL ASSAULT.

Land and Naval Forces Are Now Engaged.

PLAYA DEL ESTE, July 1.—[Special]—The general assault on Santiago by the land and sea forces of the United States began this morning. The advance was made at an early hour, and the battle raged fiercely along the whole line.

The bombardment by the fleet was terrific, the Vesuvius using her dynamite guns with terrible effect.

At this hour no details can be given, but hard fighting is in progress, the advance of the American troops being steady. Nothing is known of the casualties.

### IN A SHORT TIME

The Jury Decided a Madison Township Case.

LISBON, July 1.—[Special]—The entire forenoon was spent in court in arguing the case of G. H. Dyke against Sylvester Huff. After Judge Smith charged the jury it retired, and in less than an hour brought in a verdict for the defendant. It means that in the opinion of the jury the note upon which the suit was based is a forgery. The amount involved is \$250.

The Smith Lumber Co. secured a verdict for \$232 against John Shrader.

A marriage license was issued to F. A. Hart and Nellie B. Orr, Salineville.

H. C. Jones has been appointed administrator of the estate of T. G. Rogers, late of Middleton township. Bond \$12,000.

### NEXT MONDAY.

Is the Time Set For the Eighth Ohio to Move.

The last word from Camp Alger says that General Garretson's men are impatiently awaiting the return of the Yale to Newport News. When she reaches that point the Eighth will be hurried forward. If she is not there before tomorrow night the Eighth will remain in camp until Monday as the department will move no troops on Sunday. Everything is ready for departure. Typhoid fever has broken out in the Sixth Massachusetts and a number of men are ill.

The Eighth is generally conceded to be the best equipped regiment in camp.

### Sent Pigeons Away.

This afternoon a lot of pigeons were shipped to Dennison, on the Panhandle road. There were 12 pigeons in the basket, and they are expected here this evening.

### Pennsylvania Avenue Sidewalks.

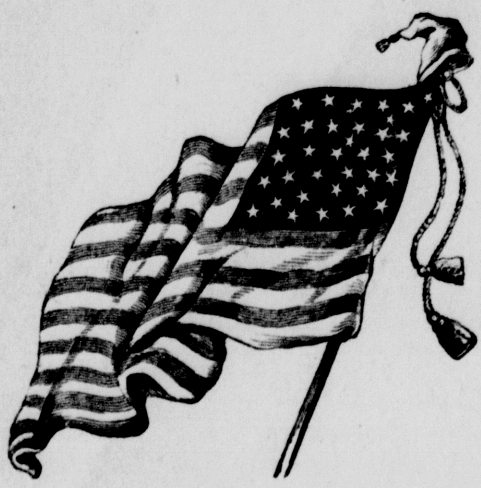

The work of laying the Pennsylvania avenue sidewalks will be commenced next week by Contractor Rinehart and will be rushed to completion.

### Working on Jethro Street.

The work of paving in Jethro street between the sidewalk, and the street railway track was commenced yesterday.

### GENERAL WHEELER'S REPORT.

Gives Points on the Battle of Siboney.

CAMP JUMAGUA, June 29, via Kingston, Jamaica, July 1.—General Wheeler's official report to Major General Shafter of what is known as the battle of Siboney, declares that the American forces opened the engagement with Hotchkiss guns and the Spaniards replied. He further said:

"For an hour the fight was very warm, the enemy being very lavish in expenditure of ammunition, most of their firing being by volleys.

"Finally the enemy gave away and retreated rapidly. We followed them over the line, keeping close upon them, but, our men being physically exhausted by both their exertions and the great heat, were incapable of maintaining the pursuit.

"I cannot speak too highly of the gallant and excellent conduct of the officers and men throughout my command."

He praises General Young, Lieutenant Mills, Major Beech (for cool and good judgment), Colonel Woods, Lieutenant Colonel Roosevelt, Captains W. H. Bock, Robert P. Wainwright and Jacob G. Galbraith, Major James M. Bell, Captain Thomas T. Know and Lieutenant George E. Brown. Some of these he recommends to the consideration of the government. He says he cannot state positively the size of the Spanish force. The result gave the American troops a beautiful and well watered country for camping, a good view of Santiago and enabled the Americans to reconnoitre close to the fortifications. He gave the American strength at about 964, killed 16, wounded about 52.

### AGAINST LIQUOR SELLING.

Petitions Against Sale of Intoxicants In Federal Buildings Handed.

WASHINGTON, July 1.—There has been reported from the committee on the alcoholic liquor traffic of the house a bill that has probably been more widely petitioned for than any other measure before congress. It makes it unlawful to sell, give away or otherwise dispose of intoxicating liquor upon any government reservation or public building under control of the government.

### YESTERDAY'S LEAGUE GAMES.

At Pittsburgh—Pittsburgh, 5 runs, 9 hits and 0 errors; Brooklyn, 8 runs, 12 hits and 2 errors. Batteries, Killen, Rhines and Bowerman; Dunn and Grim. Umpires, Lynch and Andrews. Attendance, 1,000.

## HE CAME IN PERSON

When He Received a Letter From Agent Lloyd.

### NEW LIGHT ON BIRDIE'S CASE

The Doctor Said She Was Not His Niece and Her Mother Was Not In a Dying Condition—It Seems to Have Been a Runaway Pure and Simple.

The sequel of the story of Birdie Neff was heard yesterday afternoon when the physician with whom she was staying in Georgetown called at the office of the township trustees.

The story of the girl so impressed Humane Agent Lloyd that he wrote the physician a scathing letter, and told him he would have to take better care of the girl or the Humane society would look after him.

As soon as the physician received the letter he started for this city with another physician and called at the office of the trustees. He stated that the story told by the girl was not true with the exception that she came from Ravenswood.

He said her mother was not dying or even ill, and produced a letter received yesterday from the lady to prove what he said was true. He is not her uncle, and is no relation to her, and she is 16 years of age instead of 13.

The physician intended sending her home, but Wednesday afternoon while he was away she went down and got aboard the Queen City, stating that she knew everybody on the boat, and they would take her home.

When she returned to Georgetown she told a story about being aboard a shantyboat, where the people gave her enough money to go home.

The statement of the physician was corroborated by the doctor with him, and the trustees realize that if they had paid the fare of the girl to Ravenswood they would have been taken in.

A great reduction in fireworks at W. A. Hill's 5 and 10. All penny goods 7 for 5c. Everything else must go. A large stock of flags from \$2.00 to \$10.00.

A lot of ladies' tan shoes, \$2.00 ones, selling at \$1.50. A lot of \$4.00 selling for \$3.00.

SAMPLE & NEAL.

### Stop Over Privileges.

**WELLSVILLE.**

**SANT'S REPORT GIVEN**

Council Heard of Fogo's Shortage.

IT IS LESS THAN A THOUSAND

The Whole Matter Was Explained, and Council Is Now Wondering Where the Responsibility Will Be Fixed—All the News of Wellsville.

Council last evening heard the report of Expert Sant, who had been employed to go over the books of A. C. Fogo, late superintendent of the water works. The only members absent were James, Minor and B. Rand.

The auditing committee reported through Julius Goetz, and said they had gone over the books. Then came the expert's report. It showed a number of small clerical errors, and to March 10 there was nothing wrong. To that time Fogo had been walking in the straight and narrow way. Then the shortage began to appear. Receipts to the amount of \$23 were not listed, and expenses aggregating \$5.85 had been paid and no record made. Clerical errors of \$9.20 were reported, and the shortage was given as \$1,013.66. The treasurer, however, had \$130.24 in the Silver bank, and \$1.98 to Fogo's credit. J. W. Russell paid \$39.62 water rent, and Sant reported the check because he found nothing to show it was paid for that purpose, although Fogo had endorsed it. The shortage was then found to be \$881.44.

Solicitor Wells was questioned concerning the bond, and said he found the document contained the names of F. W. Silver, William Wooster, Doctor Tarr and A. G. MacKenzie as sureties. The bond said it was legal while he was in office, but the law said it only held good for the term which expired in April. He held that the city and not the water trustees were liable. O. P. Bowers moved Mr. Wells place the liability and report at the next meeting of council.

**The Celebration.**

Another meeting of the committee having in charge the celebration was held last evening. Final arrangements were made.

There will be cannon firing at 5 o'clock a. m. The parade, composed of all the orders of the town, together with a display from the business places, will start at 8 o'clock. The one-mile boys' bicycle race at 10 o'clock, followed by smaller races; at 10:30, potato race. Wheelbarrow, sack and egg races will consume the time until the noon hour.

The balloon ascension will take place at 1 o'clock. The first ball game with the Beaver Falls team will be called at 2 o'clock. A two-mile open bicycle race will take place at 4:30 p. m., for which seven prizes are offered, and a boat race at 5 o'clock. Fireworks on the river at 8 o'clock.

**Lost Her Boy.**

Mrs. Bert Phillips, who has been visiting at her father's, S. S. Cope, went shopping this morning, taking with her her two and a half-year-old son. Suddenly the child was missing, and when all the easy hiding places near were searched, a hurried visit was made to the Cope store and to the abodes of other relatives by the now frantic mother, when the little fellow was discovered making his way back, having been taken out riding in a delivery wagon by a kind boy. The happening caused a commotion.

**Father Against Son.**

William Downard was heard in police court on a charge of assault, preferred by his son, Robert. The arrest was made by Chief Duncan. Sentence was suspended after four witnesses had been heard.

There is a charge of disorderly conduct against Robert. It was preferred by the father.

**Trolley Party.**

A car filled with happy young people last evening attracted much attention. It was a trolley party in honor of Miss Eva McCormick before she leaves for her vacation at her home in West Point.

**News of Wellsville.**

Mrs. Charles Stone, of Chicago, was expected on the morning train to make a visit with her mother, Mrs. William O. Hamilton.

Bert Vail, of Fifteenth street, is still quite ill with typhoid fever.

Joe Moore was in Pittsburg this afternoon on business.

### IT COST MONEY

For These Young Men to Take a Trip to Wellsville.

Last evening two well known people of the city boarded the evening train for the purpose of seeing the prize fight in Wheeling.

They got off at Wellsville, and their train pulled in on the switch to allow the eastern train to pass. When the young men returned they saw the eastern train on the main track starting to pull out, and rushed down and jumped aboard. They did not discover they were on the wrong train until they reached Walker. It was then too late to return, and they came home. Their friends are now having sport at their expense.

### THE MAIN

Will Take Place Early Next Monday Morning.

The big cocking main arranged by local sports will take place next Monday morning, instead of Tuesday, as was at first stated.

All arrangements have been made, and a considerable amount of money has been placed on the different fights. The battleground will be on a hill within 20 minutes' walk of the Diamond.

**Largest stock of fireworks in the city, at ROSE & DIX.**

EAST LIVERPOOL, O., FRIDAY, JULY 1

## "REMEMBER THE MAINE."

Did you put stamps on all your  
 checks today?

It is probable we will hear much more  
 of Fitz Lee than of Colonel Bryan when  
 the boy soldier moves his Nebraska regi-  
 ment east.

If superiority of force counted for any-  
 thing Santiago could not be taken by  
 General Shafter, but, apparently, force  
 is not to be considered.

SOME Republicans will oppose the an-  
 nexation of conquered territory to this  
 county, but their influence should not  
 go far. There are black sheep in every  
 fold.

THE newspaper correspondents at the  
 front can criticise General Shafter as  
 much as they please, but they will have  
 little influence on the brave and bulky  
 general. He knows nothing of their  
 criticisms, and, if he did, is doubtless far  
 too sensible to recognize the senseless  
 comments of a yellow journal. The  
 campaign will go on as it has been  
 planned, and no thinking man believes  
 it will end in anything but rout for the  
 Spaniards.

### MORE TROUBLE.

Poor old Democracy is to experience  
 more trouble. Grover Cleveland calls  
 on the gold wing and Colonel Bryan  
 calls on the silver wing to oppose "im-  
 perialism," but the wings do not take  
 kindly to the movement. They refuse  
 to flop together. Men like Henry Water-  
 son, and a lot of other fellows whose  
 opinions are not so valuable but have a  
 local influence oppose that policy. Thus  
 it can be seen that a reunited Democracy  
 is again impossible, and particularly if  
 "imperialism" is the issue.

### WE HAVE THE MONEY.

Secretary Gage said before a commit-  
 tee of congress not long ago that the  
 bond issue could not be taken up by the  
 people, that it would fail as a popular  
 loan. Secretary Gage was mistaken.  
 Already more than \$160,000,000 of the  
 \$200,000,000 asked has been subscribed  
 by the people, and there are yet 14 days  
 in which subscriptions will be received.  
 The American people, those who toil  
 and earn their bread in factory, work-  
 shop, office and farm are going to de-  
 rive some benefit this time. And again  
 is President McKinley's wisdom shown.

### BUSINESS METHODS.

The business principles injected into  
 the official acts of the administration are  
 commendable in the extreme. By no  
 means the least of these is the fact that  
 Secretary Alger is now arranging to  
 have congress repay the different states  
 for the expense incurred in preparing  
 the National Guard and other troops for  
 the front. It will not be long until the  
 measure is a law and that matter at  
 least will be settled.

Compare this prompt action with the  
 attitude of the government since the  
 Rebellion. That struggle closed 35 years  
 ago, yet a number of states have never  
 received the money expended in aiding  
 in the raising of a volunteer army. In  
 one instance a business man has seen the  
 necessity of paying the bill now; in the  
 other the matter was looked upon as in  
 safe hands, and as a result some states  
 will never receive a cent.

—John Ford has returned from a  
 visit with friends in Scio.

# BUCKEYE

## Closing Out

## Below Cost.

THIS is an unusual

 the city by the printing of the above  
 Union Label at the head of their columns.

EAST LIVERPOOL, O., FRIDAY, JULY 1

"REMEMBER THE MAINE."

Did you put stamps on all your  
 checks today?

It is probable we will hear much more  
 of Fitz Lee than of Colonel Bryan when  
 the boy soldier moves his Nebraska regi-  
 ment east.

If superiority of force counted for any-  
 thing Santiago could not be taken by  
 General Shafter, but, apparently, force  
 is not to be considered.

SOME Republicans will oppose the an-  
 nexation of conquered territory to this  
 county, but their influence should not  
 go far. There are black sheep in every  
 fold.

THE newspaper correspondents at the  
 front can criticise General Shafter as  
 much as they please, but they will have  
 little influence on the brave and bulky  
 general. He knows nothing of their  
 criticisms, and, if he did, is doubtless far  
 too sensible to recognize the senseless  
 comments of a yellow journal. The  
 campaign will go on as it has been  
 planned, and no thinking man believes  
 it will end in anything but rout for the  
 Spaniards.

## MORE TROUBLE.

Poor old Democracy is to experience  
 more trouble. Grover Cleveland calls  
 on the gold wing and Colonel Bryan  
 calls on the silver wing to oppose "im-  
 perialism," but the wings do not take  
 kindly to the movement. They refuse  
 to flop together. Men like Henry Water-  
 son, and a lot of other fellows whose  
 opinions are not so valuable but have a  
 local influence oppose that policy. Thus  
 it can be seen that a reunited Democracy  
 is again impossible, and particularly if  
 "imperialism" is the issue.

## WE HAVE THE MONEY.

Secretary Gage said before a commit-  
 tee of congress not long ago that the  
 bond issue could not be taken up by the  
 people, that it would fail as a popular  
 loan. Secretary Gage was mistaken.  
 Already more than \$180,000,000 of the  
 \$200,000,000 asked has been subscribed  
 by the people, and there are yet 14 days  
 in which subscriptions will be received.  
 The American people, those who toil  
 and earn their bread in factory, work-  
 shop, office and farm are going to de-  
 rive some benefit this time. And again  
 is President McKinley's wisdom shown.

## BUSINESS METHODS.

The business principles injected into  
 the official acts of the administration are  
 commendable in the extreme. By no  
 means the least of these is the fact that  
 Secretary Alger is now arranging to  
 have congress repay the different states  
 for the expense incurred in preparing  
 the National Guard and other troops for  
 the front. It will not be long until the  
 measure is a law and that matter at  
 least will be settled.

Compare this prompt action with the  
 attitude of the government since the  
 Rebellion. That struggle closed 35 years  
 ago, yet a number of states have never  
 received the money expended in aiding  
 in the raising of a volunteer army. In  
 one instance a business man has seen the  
 necessity of paying the bill now; in the  
 other the matter was looked upon as in  
 safe hands, and as a result some states  
 will never receive a cent.

—John Ford has returned from a  
 visit with friends in Scio.

# HIT BY A STREET CAR

Jack Clendenning Knocked Down and Hurt.  
OFFICER AFTER THE MOTORMAN

The Matter Was Reported to Mayor Bough But Nothing Has Yet Been Done—The Injured Man Is at His Home on a Boat.

John Clendenning, who lives in a shantyboat near the flint mill, was seriously injured shortly before noon by being struck by a street car.

Clendenning was employed by H. S. Rinehart in unloading bricks in the West End. He was in the act of crossing the track when a car coming up the grade struck him, throwing him to the ground. The patrol was called and he was taken to the office of Doctor Elliott. An examination was made, and it was found he was injured about the head and his left hip was badly bruised. No bones were found to be broken but internal injuries are thought to exist.

He was taken to his home in the patrol, and this afternoon his condition was not improved.

Councilman Peach investigated the case, and as there seemed to be no excuse for running the man down Officer Mahony was sent to find out what excuse Motorman Ira Clark had to offer, and received the answer that he was running his car backward and had no gong on that end of his car. Mr. Peach then told the officer to notify the mayor of the affair. Manager Hoefgen will also be notified by Councilman Peach and an effort will be made to prevent carelessness in the future.

The mayor will also be asked to instruct the officers to see that motormen obey the ordinance in regard to ringing their gongs at crossings, as scarcely a day passes that teams do not have narrow escapes from being run down.

Last night at the corner of Fifth and Washington a buggy narrowly escaped being hit, and this morning at the same place a heavy wagon was almost struck and only the quick stop of the car saved an accident. The cases would not have occurred had the motormen been ringing the gongs.

## THE STAMP ACT.

It Became Operative When Business Began Today.

The new revenue law became operative today, and business men in the city are now conducting their affairs according to its provisions.

The banks had stamps for their customers, and checks and other documents were marked accordingly. The supply of stamps in town is small, but there will be many others tomorrow.

N. G. Macrum this morning received a telephone message from Collector Frank McCord, at Cleveland, saying that large quantities of stamps had been received at the office and they are being sent out today. There are no stamps for druggists in town as yet, but the First National will have them in the morning.

## LITERATURE FOR SOLDIERS.

Librarian Galbreath Would Send Them Books.

Mayor Bough is in receipt of a letter from C. B. Galbreath, state librarian, explaining the plan to provide Ohio soldiers with literature.

The plan is to solicit books, magazines and pamphlets from the people of Ohio. These can be sent to Columbus, and from there to the front.

Donors may write their names on what they send.

It is hoped by Librarian Galbreath, who is much interested, that all will join with the library commission in making the move a success.

## EARLY IN THE MORNING

Will the Big Flag Pole Be Erected in the Diamond.

Workmen will tomorrow erect the flag pole in the Diamond. The work will be commenced between 3 and 4 o'clock in the morning and the pole is expected to be in position by 7 o'clock.

## Just Drunk.

At 10 o'clock last evening a quartet of drunks made a lot of noise in West Market street. They came out of a saloon near Sixth street, and from there to Starkey's lane they made life a burden for other pedestrians. No arrests were made.

## Will Be Here.

The trustees of the campground today received a letter from Evangelist Harris and wife, stating he would be able to take charge of the music at the ground in place of B. H. Kennedy.

Royal makes the food pure, wholesome and delicious.

## THOSE APPROACHES

Cause Council and the Commissioners to Think.

The county commissioners and councilmen yesterday afternoon viewed the Jethro bridge for the purpose of making arrangements toward filling the approaches to the trestle.

The commissioners wanted to expend \$30 on the approaches, while council wanted them to remove the dirt from under the trestle at the western end of it and thus make a roadway under the bridge at a cost of about \$100. The matter was left with Engineer George to settle.

Manager Hoefgen, of the street railroad company, also made a request of the commissioners that the approaches be left as they are until after the guard rails are put up, as it would be dangerous to drive across the bridge. It is probable his wish will be granted and nothing will be done with the approaches until the rails are in position.

## DECORATED THE ROOMS

For the Brotherhood Convention to Be Held Next Week.

The rooms of the Brotherhood have been very beautifully decorated with flags and bunting for the annual convention which will convene Tuesday morning. They have also purchased a handsome flag which will be flung to the breeze from the window.

The first day of the convention will be spent in organizing and seating delegates. The convention has no special matters to discuss, but will deal with the trade in general.

## CLEANING THE MONUMENT.

It Will Look Much Better Than Usual.

Work was commenced this morning cleaning the monument in the Diamond, and as a result it will look much better when the crowds gather next Monday morning.

The monument and the soldier surmounting it have never been cleaned since they came from the factory, and the improvement is marked.

## Plenty of Work to Do.

The street force at the present time are a very busy set of men.

Yesterday a sewer at the foot of Franklin street was cleaned, while the bridge at Ravine street was repaired. A fill is being made at Church alley today, and the principal streets are being cleaned.

## Going to Washington.

Next Tuesday the following persons will leave the city for Washington where they will attend the National teachers' meeting:

Prof. R. E. Rayman, Misses Ella Huston, Sarah and Elizabeth Hall, Ella B. Hill, Lina Joseph and Maude McGahey.

Several of the party will visit Atlantic City before they return.

## Sixteen Cars Yesterday.

Plenty of business was handled at the freight depot yesterday, and during the day about 16 cars were loaded and sent from the outbound sheds. Receipts are increasing and a general advance in business is noticeable.

## Left For England.

Joe Snape and wife, of this city, left at noon for New York, from where they will sail for England tomorrow.

## A Picnic.

The United Presbyterian Sunday school yesterday picnicked at Columbian park.

## To Initiate Officers.

Lucy Webb Hayes council this evening will install officers for the ensuing year.

Ladies' tan shoes all reduced—selling regardless of profits, at

\* SAMPLE & NEAL'S.

Wear one of Cohen's straw hats. \*

# THE CANNON EXPLODED

Charles Gaston Now Has a Sore Face.

HAPPENED AT THE PICNIC

The Small Boy Loaded the Gas Pipe With Too Much Powder, and When It Blew to Pieces He Was Badly, Although Not Dangerously, Burned

The first Fourth of July accident of the season occurred yesterday afternoon at the picnic held at Columbian park.

Charlie Gaston, a small boy who lives in Sixth street, had manufactured a small cannon out of a piece of gas pipe, and had taken it with him to the picnic, with a lot of ammunition. He enjoyed the sport in the morning, and in the afternoon prepared to begin his celebration.

The cannon was loaded and fired without any damage resulting, and for several times it worked all right. It was finally decided to increase the load, and when it was touched off the gas pipe exploded, and young Gaston, who was standing near, had his face filled with powder and burned in a frightful manner.

He was taken to a physician where a thorough examination was made, and it was found none of the powder had penetrated his eyes and he was not seriously injured, although he will suffer for some time with a very sore face.

## Short Session Expected.

The board of education will meet in the directors' room in the Central building this evening. There will be no supplies purchased, as was decided upon at the last meeting. Mr. Peach will bring the matter of laying the pavements about West End school before the meeting. The session is expected to be a short one.

## No One Came.

No movings were handled at the freight depot yesterday, something that has not happened for several months.

## PERSONAL MENTION.

—A. G. Shade, of Verona, was in the city yesterday placing a few orders.

—Miss Maude McGahey is today at Beaver Falls attending the funeral of a friend.

—Miss Edessa Phillips left on the noon train for Butler, where she will visit friends.

—Miss Lillian Brookes left this morning for Akron, where she will spend several days visiting her sister.

—George Cox and wife will leave tomorrow evening on the Lorena for Long Reach. They will remain there several weeks.

—Miss Mary Jackman will leave this evening for Chicago, where she will remain several months, attending a summer school.

—Rev. W. H. Gladden and wife, who have been spending several days in the city visiting friends, have returned to New Brighton.

—Miss Veina Day will leave tomorrow to spend the Fourth at her home in Elwood City. She will be accompanied by Miss Grace Aley.

—A. L. Lindsay spent yesterday in the city, the guest of his brother, Doctor Lindsay, and left this morning for his home in Salineville.

—Mrs. Christina Pollock and son Harry will leave this evening for Cincinnati, where they will spend two weeks visiting relatives.

—Miss Tillie Worth and niece, Miss Minnie Robinson, left this afternoon for Chicago and Milwaukee where they will spend 10 weeks visiting friends.

—Misses Sarah and Nellie Watkins and Alice and Carrie Yates will leave next Thursday for a vacation of several weeks at Atlantic City and Trenton.

## AMUSEMENTS.

SLEPT ON UNEVEN GROUND

Which Made the March Anything but to Their Liking—How the Boys Are Spending The Warm Days Down at Camp Alger.

CAMP ALGER, June 28.—[Special]—A tired lot of boys straggled into camp this morning, after a long march under a blazing sun, and their first taste of what awaits them at the front was experienced.

That long looked for trip to the Potomac is now a thing of the past, and the boys of the Second brigade are not anxious to have it soon repeated. The soldiers were lined up in heavy marching order early yesterday morning and at 6:30 marched to the parade ground where the regiments were formed. Each man was supposed to carry one day's rations, but owing to the weight, a number concluded that provisions could be purchased enroute, and such things as raw potatoes, onions, salt pork, etc., were refused by many who only saw their mistake when the cooked rations provided were consumed. The trip to the river was uneventful. Camp was pitched on a rough hillside about a mile from the river, and the boys started for a bath. The place selected was dangerous, there being such a current that it was impossible to swim up stream. About 8 o'clock Private Dearth, of Company D, Sixth Illinois, ventured too far out, and was caught by the current. Cries for help brought a comrade to his assistance, who succeeded in bringing him within a few feet of the shore, but being almost exhausted he was compelled to let go, and Dearth sank for the last time. He was 32 years of age, unmarried, and leaves two sisters in Davenport, Ill. Deceased was popular with his regiment, and his end cast a gloom over the camp for the remainder of the day. A police boat was dispatched to drag for the body, but the water is unnavigable and the search was abandoned. His body when it come to the surface will be found many miles from the point where he went down.

After a miserable night on uneven ground the boys started homeward. The Eighth was attacked by the Sixth Massachusetts from the brush, and after several repulses a hand-to-hand encounter took place, which resulted disastrously to a private of the Massachusetts regiment. A soldier in his excitement forgot that blank cartridges were dangerous at 25 feet, and placing the muzzle of his gun close to the head of a soldier pulled the trigger. An eye and the whole side of his face were shot away, and he is in a precarious condition. An Irish officer of the Sixth Massachusetts was captured by a sergeant of Company B, but not before he had inflicted several severe cuts with his sword. This matter created quite a commotion, and it was with some difficulty that the disturbance was quelled. Skirmish after skirmish was participated in, and the Eighth arrived in camp in tatters, the brush having played havoc with their uniforms. Many dropped along the route from exhaustion, and were relieved of their equipment by the wagons. Considerable trouble is experienced in getting the goods sorted.

Lieutenant Hall again distinguished himself in today's engagement. He was sent out with an advance guard, but was shortly called in and ordered to proceed to the pike to intercept the rear guard of the Sixth Massachusetts. He double-timed his men for three miles without halt, with but the loss of two or three men from exhaustion. There was no time to lose, and quickly deploying his company he surrounded the enemy, who saw surrender their only hope.

Corporal Hackworth and Private Charles Cox are at the division hospital afflicted with measles. Both are getting along nicely and will be returned to the company in a few days.

Captain Hill is on a fair way to recovery, and expects to take charge of his company tomorrow.

A heavy rain put down the dust this afternoon, and several of the boys took advantage of a free shower bath by disrobing and parading the streets.

No orders have yet been issued for the Eighth to move, although many rumors are afloat as usual.

SCARED SOME WOMEN

Jack the Hugger Made Another Appearance.

OFFICERS WERE AFTER HIM

But the Fellow Slipped Away In the Darkness and Could Not Be Found Some Excitement In the Vicinity of Ravine Street Last Night.

"Jack the Hugger" last night again made his appearance in the vicinity of Ravine street, and succeeded in frightening a number of women by his actions.

The fellow stands in a dark place, and as a lady passes he jumps out and grabs her. She of course screams, and he immediately lets go and proceeds to run. He has been in that section of the city before, but it has been several months since he was heard from.

The case was reported to Officer Grim late in the evening by a young man who resides in Avondale street, and notifying Officer Whan they went to Ravine street, where they spent several hours trying to locate the hugger, but he had made his escape.

The police will make every effort to catch the fellow, and the vicinity of Ravine street will be closely watched, and if he is caught he will receive a salty sentence.

"Jack the Peeper" has made himself very scarce since he came near receiving some cold lead at the residence of Reverend Reinartz, and the hugger will receive the same dose if some of the residents catch him as they are very much incensed at his actions.

EAST LIVERPOOL, O., June 29, 1898.

To the Editor of the NEWS REVIEW :

DEAR SIR—I desire to express through your columns my thanks to the Western and Southern Life Insurance Co., of Cincinnati, O., for the prompt payment of claim on the death of my child, Annie M. Clendenning. This is the second claim I have received from the same company, and each one was paid within 24 hours after proofs of death were taken.

Such promptness is only one of the many advantages of insuring in a first class, reliable home company.

Yours respectfully,

#### TO THE ADVERTISERS.

The Evening News Review has the largest bonafide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.

HARRY PALMER,  
Owner and Manager.

#### TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

Printed envelopes, either 6 or 8 1/2 in size, at the NEWS REVIEW, from 95 cents per thousand up, according to quality. We defy competition in workmanship or material.

#### LOCAL BREVITIES.

The Globe pottery shut down today for a loaf of two weeks.

Ex-Recorder Abram Moore, of Lisbon, is in the city visiting friends.

The electric light at the corner of Sixth and Broadway was out last night.

Ed Davidson, of Broadway, will enter his horse in the races at Palestine next Monday.

The Carpenters' union met last evening, but transacted no business of importance.

William Anderson and bride returned yesterday from Tiffin and will make their future home in this city.

Little Gertie, owned by Ed Neal, is slated to race against time Monday afternoon at Columbian park.

Frank Orites, who had his arm severely burned in an explosion a few days ago, is again able to be out.

The children who will furnish the music for the Fourth of July celebration will meet this evening for practice.

Charles Goodwin and Louis Weaver will leave next week for Atlantic City, where they will spend several weeks.

A street car jumped the track yesterday afternoon, at the Jethro switch, and delayed traffic for a short time.

The little son of Ted Hickey yesterday had his foot severely burned by stepping on a steam pipe at the McNicol pottery.

All the towboats that have been tied up at Merrill for several days were able to get to Pittsburg on the rise late last night.

The dance given last evening by the boys of the Columbian club was well attended and was most enjoyable. They will give no more dances for several weeks.

This morning the western side of the Diamond was barricaded in order to prevent all possibility of an accident while the large flag pole is being erected.

Consul Charles E. Macrum left today for Washington. A number of friends were at the station to bid him goodbye, and wish him all the success possible in this new position.

Mr. and Mrs. Alex McGraw and Mrs. Frank Eckler left yesterday afternoon for Damascus, where they will visit friends. Mr. McGraw is slowly recovering from a serious illness.

Chief Johnson left a message on the mayor's desk, this morning, stating he had been called out of town. Everybody wondered where he went, but nothing could be learned about him.

The Ohio Valley Camping club will leave tomorrow for Kimbolton, Guernsey county where they will camp for three weeks. The organization has a membership of 20, and expect to have an enjoyable time.

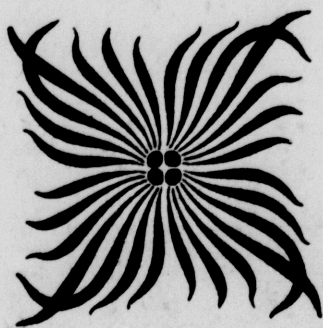

The steamer Oneida which has been in the Pittsburg and Monongahela trade for several years, has been sold to Parkersburg people. The boat will pass down tomorrow to its new trade, providing there is enough water.

Lieutenant Johnson and his company when they are summoned to Lisbon to be inspected, will march overland. The entire company will leave here about 4 o'clock in the morning, and they expect to be there by 10 o'clock.

There was no business in police court this morning, and everybody in the mayor's office was busy keeping off the flies. Not an arrest was made during the night, and the jail door was wide open this morning.

The Red Men and Daughters of Pocahontas held their annual picnic at Silver lake today. The special train consisted of 15 coaches and one baggage car. The train left the Second street station at 8 o'clock and arrived at Silver lake at 11 o'clock.

14TH YEAR. NO. 20.

EAST LIVERPOOL, O., FRIDAY, JULY 1, 1898.

TWO CENTS

## FOR THE ATTACK

Troops Being Mobilized Fast as Possible.

## HARD ROAD TO TRAVEL

Work of Bringing the Artillery Forward Very Difficult.

## MOVEMENT OF THE MEN IS EASY.

Pack Trains, Wagons and Ambulances Also Cause Delay—Rear Guard of the Army Cutting Its Way Through the Heavy Undergrowth—General Shafter Has Taken Up His Quarters With General Wheeler at the Front—The Fleet Ready to Fight.

ON BOARD THE DISPATCH BOAT DANDY, OFF JURAGUA, province of Santiago de Cuba, June 29, via Kingston, Jamaica, July 1.—The forces of the American army are being mobilized as rapidly as possible in the vicinity of Aguadores, four miles from Santiago de Cuba. The moment the tedious task is completed the attack on Spain's last ditch in Eastern Cuba will be begun. When that will be General Shafter himself cannot say.

The troops can be moved without serious delay and are pushing forward rapidly, but the movement of the pack trains, wagons, ambulances and artillery is taxing the skill and endurance of the officers and men to the utmost.

From Baiquiri, where the artillery was loaded, to the present point of concentration the road runs through a tangle of tropical undergrowth, up and down steep hillsides and over treacherous swamp-bordered trees for a distance of over 12 miles. Through this continuous thicket the rear guard of the army is cutting its way. Engineers are at work leveling the track and filling pits while a large force of regulars and volunteers with axes, aided by Cubans with machetes, are hacking down trees and clearing out the brush. A few light guns have already reached this port. The siege guns are not yet within five miles of the vanguard.

General Shafter left his ship today and took up his quarters with General Wheeler at the front. His appearance there gave rise to the rumor that an attack on Santiago would occur tomorrow, but the staff officers tonight say it is impossible to get the army in shape to strike a blow for several days.

About 2,000 troops are camped four miles east of the besieged city and the remainder of the forces stretch along the road from there to Jaragua and Baiquiri.

The advance forces are in a semi-circle, the left flank resting about two miles from those under command of General Chaffee, with the extreme right, under command of Colonel Miles, about a mile to the northwest. Beginning with the Twelfth infantry at the extreme left, the Seventh, Seventeenth, Fourth, Twenty-fifth and Tenth infantry extend to the right in the order named. Beyond them picket lines are established three-quarters of a mile nearer, Santiago city being in plain sight of General Chaffee's and Colonel Miles' troops.

Much amusement has been caused among the officers by the large number of Red Cross flags flying from buildings in Santiago. Seven such flags could be counted today, and it is reported that two more were hoisted tonight. They are all flying from the largest and most prominent buildings, and our officers say the Spanish soldiers evidently intend to thus try to protect every place in the city offering a good mark for the American artillery.

For the past day or two the landing places have been without incident. The hospital corps has finished its camp and several patients are already undergoing treatment. There are quite a few cases of measles under the care of physicians, but the majority of the cases of sickness result from the heat and the extreme hardships the men have undergone, particularly in waiting for shelter and food during the landing off Santiago.

The fleet lies silently and grimly waiting for the moment to come when it shall finally measure its strength with the harbor batteries.

All day long four American men-of-war lay within a mile and a half of Morro's guns, but not a shot was exchanged. The sailors on board could almost have exchanged words with the soldiers ashore, and the fact that the Spaniards did not risk a shot or two is taken to indicate that perhaps they are very short of ammunition. The Iowa, Massachusetts, Indiana and New Orleans could easily have been hit, as they lay almost motionless within such easy range, but Morro might have been a country schoolhouse for all the hostile demonstration it made.

GENERAL LAWTON'S HEADQUARTERS, FIVE MILES OFF SANTIAGO DE CUBA, June 29, via Kingston, July 1.—The American troops spent yesterday in feeling for the enemy, otherwise engaging in reconnaissances. General Shafter in person, with a small escort, went almost to Caney, a small town five miles northeast of Santiago de Cuba, with

which city it is connected by railroad. The American officers generally expect a movement today to capture Caney, which is a short five miles northeast of Santiago. This, however, is not official. Such a move should draw the Spaniards in force from Santiago, but in view of their previous retreats when our army might have been seriously jarred on the march an aggressive move upon the part of the Spaniards is considered unlikely.

## Alleged Battle Rumor.

MADRID, July 1.—A rumor was in circulation here last night, though unconfirmed, that there has been a great battle at Santiago de Cuba, resulting in favor of the Spaniards.

## MORE TROOPS FOR SHAFTER.

Second Tampa Expedition Believed to Be Under Way—More Men to Be Sent.

WASHINGTON, July 1.—The second expedition from Tampa to reinforce Shafter appears to have encountered almost as many difficulties as the original expedition in getting away. It was confidently expected here that the start would be made from Tampa last Monday, but one difficulty after another has arisen to retard the movement so that it was with a feeling of relief that the news came to the department yesterday from Tampa that the flagship of the expedition, the Hudson, had swung out into the stream Wednesday night and was ready to lead the procession of transports, which it is believed by this time are under way bound for Santiago.

It is calculated that the second installment of the reinforcements dispatched to Shafter from Camp Alger via steamer from Newport News, Va., reached him yesterday on the Harvard and the steamer Yale is expected at Newport News tomorrow, returning from her first trip with Duffield's soldiers to take more reinforcements, probably including Garretson's battalion.

It is said to be Secretary Alger's intention to continue to dispatch reinforcements after reinforcement to Shafter until he has an overpowering force at his command. The secretary believes that no ground is lost in this way, for if there is an overplus of troops at Santiago they can be easily used elsewhere. Major General Coppinger is not to go to Santiago with any of these additional forces. He is senior to General Shafter, and if sent to Santiago by virtue of the army regulations would assume command of the army in front of that place. Therefore it is likely that he will be reserved for the command of the Porto Rican expedition.

## CAMARA WARNED AWAY.

Fleet Ordered to Stop Coaling and Told That It Must Leave Port Said.

CAIRO, July 1.—The following official announcement was made yesterday afternoon: "The Spanish ships at Port Said began coaling from their own colliers, which arrived from Spain. The Egyptian government notified them that they could not allow this and that they must stop forthwith and that they must also leave Port Said, as the 24 hours' limit had been greatly exceeded. The Spaniards then stated that their ships wanted repairs and began discharging coal and other material in order to repair."

WASHINGTON, July 1.—United States Consular Agent Broadbent has just made a most master stroke, which he has reported to the department. While the Spanish ships were seeking permission of the Egyptian government to take coal at Port Said the consular officer succeeded in quietly buying up all of the coal available at that port. This amounted to 20,000 tons, and it is in a good place to be shipped to Dewey; to serve as a base of supplies for Commodore Watson's eastern squadron when it enters the Mediterranean; or to coal any American vessels that may pass through the Suez canal bound to the Asiatic station, if it should be decided that it is permissible for warships to take on coal at Port Said.

## A WARNING TO SCORCHERS.

Fast Bicyclists Unfit Physically For Army Service.

CHICAGO, July 1.—Dr. S. C. Stanton, who has charge of the examination of the recruits for the United States regular army in this city, has caused a sensation among medical men by declaring that an habitual rider of bicycles, or a "scorcher," is unfit physically to serve as a soldier in the army.

He has made this matter the subject of his severest tests in his examinations of applicants for enlistment, and many men have been rejected because of a "bicycle heart," as the practitioner terms it, caused by excessive exercise in riding a wheel.

## Abused by Robbers.

GREENSBURG, July 1.—W. J. Patterson was assaulted and tortured by two robbers in his barn early yesterday morning until he revealed the hiding place of his money. Then they bound and gagged him, went into the house and bound and gagged his aged mother, and secured about \$50 in money and a gold watch valued at about \$200. They mounted their bicycles and started toward Saltsburg. Patterson got loose and he and a neighbor pursued them.

## KAISER HOSTILE.

He Would Like to Interfere In the Philippines.

## MINISTERS OPPOSE HIM.

Hohenlohe and Von Buelow Know United States Would Resent It.

## MEANING OF SALISBURY'S SPEECH

Said to Be Considered by Diplomats as Indicating the Partiality of Great Britain Toward This Country—Utterance Connected With a Visit Paid to the British Premier Recently by United States Ambassador Hay—Alleged Statement of a Spanish Ambassador.

LONDON, July 1.—A letter written by a Berlin diplomat of the highest position asserts that it is due to the German cabinet to say that Germany's attitude has been thus far correct, that the emperor of Germany was determined to interject himself into the war between Spain and the United States and that he has only been restrained by the imperial chancellor, Prince Hohenlohe, and the minister for foreign affairs, Baron Von Buelow, from some step which the United States would be obliged to resent.

LONDON, July 1.—Though on casual reading the Marquis of Salisbury's speech at the United club Wednesday night seems to have been an attempt to carry water on both shoulders, the diplomatic body here construes it as a pronouncement of Great Britain's partiality. There is no doubt the premier intended his remarks as a hint to the powers that Great Britain is in sympathy with the United States, and the intimation to that effect was called forth by Germany's alleged attitude in the question of the Philippine islands.

The declaration that the United States is animated in the present war by an "elevated philanthropy" is the passage upon which stress is laid, and many people find a connection between the premier's speech and the recent visit of Colonel John Hay, the United States ambassador, who again conferred with the Marquis of Salisbury yesterday.

In the course of another visit yesterday Colonel Hay officially informed the Marquis of Salisbury of the blockade of the southern coast of Cuba. It is known that the Spanish ambassador, Count Rascon, cabled the Marquis of Salisbury's speech to Madrid, although it could not have been a surprise to him, as he recently informed a colleague that he had unquestionable information to the effect that there was an "ironclad alliance" between Great Britain and the United States before the war was begun.

## For a Fourth Expedition.

SAN FRANCISCO, July 1.—Preparations for the fourth Philippine expedition are almost completed. The troops at Camp Merritt are equipped and are drilling five hours daily. Commissary stores for another expedition can be obtained and put aboard vessels within a short time. The sole cause of delay is that on account of chartering vessels and the necessity of refitting passenger steamers before they can be made to serve as troopships.

## Tons of Mail Matter.

WASHINGTON, July 1.—Tons of mail matter for the soldiers and sailors operating in Santiago province and with Sampson's fleet are stored at Tampa awaiting transportation. Arrangements have been made through the efforts of Assistant Secretary Meiklejohn by which the transports leaving Tampa are to ship this mail matter as fast as practicable.

## Fifteen Regiments to Tampa.

WASHINGTON, July 1.—It was stated at the war department yesterday that notwithstanding the reports from Chickamauga, only 15 regiments are under orders to be sent away from that place at an early date, and that their destination is Tampa.

## STILL MUST FIGHT QUAY.

Judge Gordon Adjures His Friends That It Is Their Supreme Duty.

PHILADELPHIA, July 1.—Judge Gordon, upon his return from Altoona last evening, made a statement on the results of the Democratic state convention, in which he said that agreements of months' standing were dissolved in a night. He further said in part: "The first open and important move in the Quay campaign began at the threshold of the Democratic convention. I have been honored by being the victim of its success. Proud of my friends, I equally appreciate the distinct honor involved in the methods and agencies employed to compass my defeat—methods and agencies, however, to which I ought to say Judge Jenks, I am sure, was no party. "But duty and obligation to the welfare of the state still survive. I adjure all my friends—compatriots in the ef-

fort to establish good government in Pennsylvania—not to forget the cause they and I were united in promoting. Whatever else is lost that cause must be upheld and its banner followed. No sense of disappointment, no smart from the wounds of perfidy must for a moment deflect us from the supreme duty of rescuing the commonwealth from the shame and debasement of Quay rule."

## THE SENTIMENT ABROAD.

Dewey Speaks of Friendliness Among Englishmen He Met—Effect of Result at Manila.

NEW YORK, July 1.—Chauncey M. Dewey returned yesterday on the German steamer Kaiser Wilhelm der Grosse. Regarding the sentiment toward the United States he said that in France feeling was most bitter, against this country.

In England there was a complete reverse of sentiment. Six weeks' time had changed the sentiment of 55 years, and all animosities were buried by the tide of sympathy and universal approval and feeling of relationship, which was binding against the world.

Mr. Dewey further said that the rest of Europe is anxiously watching the apprehended entrance of the United States into their circle in the far east. Their position is one of distrust. They are trying to solve the problem of the influence upon their interests of that Anglo-American alliance which they think either exists or is inevitable. Even if disposed to interfere in our war they are restrained by the belief that any movement in that direction would precipitate an alliance with England.

The victory of Admiral Dewey at Manila and the daring and splendid effort of Lieutenant Hobson at Santiago have done incalculable service in convincing continental Europe of our fighting calibre and arousing enthusiasm in England.

English statesmen whom he met all said: "Keep the Philippines, share with us China and open ports of the east."

## AFFAIRS CRITICAL.

Intercepted Dispatches of Admiral Cervera Reveal Conditions at Santiago.

PLAYA DEL ESTE, Guantanamo Bay, July 1.—Intercepted dispatches from Admiral Cervera show a critical state of affairs at Santiago. Both food and ammunition are reported to be getting very short and the latter will be exhausted very soon.

For some days the fleet has been unable to draw a shot from the batteries off the harbor entrance, even though going very close in shore.

The cruiser New Orleans has left for Key West.

## FLAG GIVEN COMPANY F.

Morgan Engineering Company at Alliance Made the Presentation.

ALLIANCE, O., July 1.—Company F, Eighteenth regiment, Pennsylvania volunteer infantry, was yesterday presented with a beautiful silk flag by the officials of the Morgan Engineering company. A large crowd of citizens was present, and the company's employees were given a half hour's vacation to witness the ceremonies. David Fording made the presentation speech and Captain Jefferis responded. Three rousing cheers for the engineering company, for Company F and for "Old Glory" closed the exercises.

Private Norris was selected as color-bearer. The flag is a beauty, of the regulation size, having embroidered on the center stripes in gold letters the words "Company F, Eighteenth Regiment, Pennsylvania Volunteer Infantry." It is the most costly flag ever seen in this city.

## PROSPECTS OF A FIGHT.

McKeesport Man Wants a Battle Soon.

The backers of Martin Lee, of McKeesport, have issued a challenge to Mike Farragher, now in this city, for a 20-round contest or finish fight. This afternoon Farragher's manager mailed Lee a letter, accepting the challenge and placing the purse at from \$100 to \$500 a side.

Farragher is now in the best possible condition for his fight with Best, and when he was seen this morning he said he thought there would be a sore individual somewhere within a few days, and he did not think it would be him.

## REVENUE STAMPS

Were Received at the Freight Depot Yesterday.

Freight Agent Thomas yesterday received 7,000 revenue stamps from the government.

The stamps are of one-cent denomination, and the letters "I. R." are printed on the face of the stamp in red ink. The stamps are placed on all original bills of lading by the company, and if on the second and third duplicate stamps are required they will be put there at the expense of the shippers. At the office of the cashier stamps will be placed on all receipts.

## THE BATTLE IS ON

It Began Near Caney This Morning.

## GEN. LAWTON'S DIVISION IN IT

He Will Move on the Northwest Part of Santiago—A General Assault by Land and Sea Forces—The Vesuvius Used Her Dynamite Guns With Good Effect—Hard Fighting.

WASHINGTON, July 1.—[Special]—The long expected battle at Santiago is now in progress, according to a telegram received this morning from General Shafter.

The dispatch says the fight was in progress at the time at which it was sent, but the firing was light and desultory, the Spaniards replying in a half hearted manner. It began on the right not far from Caney, and General Lawton's division is engaged. The telegram closes with the statement that Lawton will move on the northwest part of Santiago at once.

Important information is expected this afternoon.

## A GENERAL ASSAULT.

Land and Naval Forces Are Now Engaged.

PLAYA DEL ESTE, July 1.—[Special]—The general assault on Santiago by the land and sea forces of the United States began this morning. The advance was made at an early hour, and the battle raged fiercely along the whole line.

The bombardment by the fleet was terrific, the Vesuvius using her dynamite guns with terrible effect.

At this hour no details can be given, but hard fighting is in progress, the advance of the American troops being steady. Nothing is known of the casualties.

## IN A SHORT TIME

The Jury Decided a Madison Township Case.

LISBON, July 1.—[Special]—The entire forenoon was spent in court in arguing the case of G. H. Dyke against Sylvester Huff. After Judge Smith charged the jury it retired, and in less than an hour brought in a verdict for the defendant. It means that in the opinion of the jury the note upon which the suit was based is a forgery. The amount involved is \$250.

The Smith Lumber Co. secured a verdict for \$232 against John Shrader.

A marriage license was issued to F. A. Hart and Nellie B. Orr, Salineville.

H. C. Jones has been appointed administrator of the estate of T. G. Rogers, late of Middleton township. Bond \$12,000.

## NEXT MONDAY.

Is the Time Set For the Eighth Ohio to Move.

The last word from Camp Alger says that General Garretson's men are impatiently awaiting the return of the Yale to Newport News. When she reaches that point the Eighth will be hurried forward. If she is not there before tomorrow night the Eighth will remain in camp until Monday as the department will move no troops on Sunday. Everything is ready for departure. Typhoid fever has broken out in the Sixth Massachusetts and a number of men are ill.

The Eighth is generally conceded to be the best equipped regiment in camp.

## Sent Pigeons Away.

This afternoon a lot of pigeons were shipped to Dennison, on the Panhandle road. There were 12 pigeons in the basket, and they are expected here this evening.

## Pennsylvania Avenue Sidewalks.

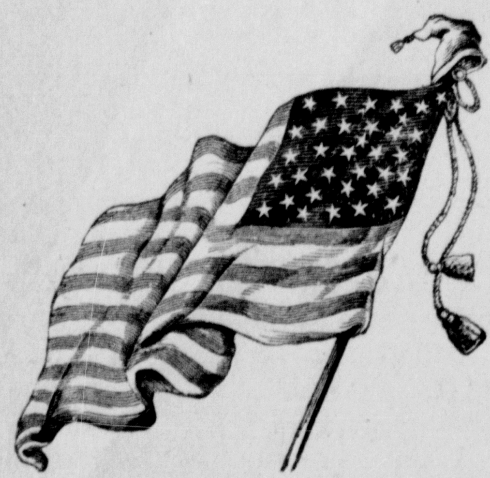

The work of laying the Pennsylvania avenue sidewalks will be commenced next week by Contractor Rinehart and will be rushed to completion.

## Working on Jethro Street.

The work of paving in Jethro street between the sidewalk, and the street railway track was commenced yesterday.

## Flag Raising

AND GRAND

## Fourth of July Celebration, EAST LIVERPOOL.

### GENERAL WHEELER'S REPORT.

Gives Points on the Battle of Siboney.

CAMP JUMAGUA, June 29, via Kingston, Jamaica, July 1.—General Wheeler's official report to Major General Shafter of what is known as the battle of Siboney, declares that the American forces opened the engagement with Hotchkiss guns and the Spaniards replied. He further said:

"For an hour the fight was very warm, the enemy being very lavish in expenditure of ammunition, most of their firing being by volleys.

"Finally the enemy gave away and retreated rapidly. We followed them over the line, keeping close upon them, but, our men being physically exhausted by both their exertions and the great heat, were incapable of maintaining the pursuit.

"I cannot speak too highly of the gallant and excellent conduct of the officers and men throughout my command."

He praises General Young, Lieutenant Mills, Major Beech (for cool and good judgment), Colonel Woods, Lieutenant Colonel Roosevelt, Captains W. H. Bock, Robert P. Wainwright and Jacob G. Galbraith, Major James M. Bell, Captain Thomas T. Know and Lieutenant George E. Brown. Some of these he recommends to the consideration of the government. He says he cannot state positively the size of the Spanish force. The result gave the American troops a beautiful and well watered country for camping, a good view of Santiago and enabled the Americans to reconnoitre close to the fortifications. He gave the American strength at about 964, killed 16, wounded about 52.

### AGAINST LIQUOR SELLING.

Petitions Against Sale of Intoxicants In Federal Buildings Heeded.

WASHINGTON, July 1.—There has been reported from the committee on the alcoholic liquor traffic of the house a bill that has probably been more widely petitioned for than any other measure before congress. It makes it unlawful to sell, give away or otherwise dispose of intoxicating liquor upon any government reservation or public building under control of the government.

### YESTERDAY'S LEAGUE GAMES.

At Pittsburgh—Pittsburgh, 5 runs, 9 hits and 0 errors; Brooklyn, 8 runs, 12 hits and 2 errors. Batteries, Killen, Rhines and Bowerman; Dunn and Grim. Umpires, Lynch and Andrews. Attendance, 1,000.

At Youngstown—Youngstown, 2 runs, 7 hits and 2 errors; New Castle, 4 runs, 7 hits and 1 error. Batteries, Martin and Goodhart; Miller, C. Smith and Zinram.

## HE CAME IN PERSON

When He Received a Letter  
From Agent Lloyd.

### NEW LIGHT ON BIRDIE'S CASE

The Doctor Said She Was Not His Niece and Her Mother Was Not In a Dying Condition—It Seems to Have Been a Runaway Pure and Simple.

The sequel of the story of Birdie Neff was heard yesterday afternoon when the physician with whom she was staying in Georgetown called at the office of the township trustees.

The story of the girl so impressed Humane Agent Lloyd that he wrote the physician a scathing letter, and told him he would have to take better care of the girl or the Humane society would look after him.

As soon as the physician received the letter he started for this city with another physician and called at the office of the trustees. He stated that the story told by the girl was not true with the exception that she came from Ravenswood.

He said her mother was not dying or even ill, and produced a letter received yesterday from the lady to prove what he said was true. He is not her uncle, and is no relation to her, and she is 16 years of age instead of 13.

The physician intended sending her home, but Wednesday afternoon while he was away she went down and got aboard the Queen City, stating that she knew everybody on the boat, and they would take her home.

When she returned to Georgetown she told a story about being aboard a shantyboat, where the people gave her enough money to go home.

The statement of the physician was corroborated by the doctor with him, and the trustees realize that if they had paid the fare of the girl to Ravenswood they would have been taken in.

A great reduction in fireworks at W. A. Hill's 5 and 10. All penny goods 7 for 5c. Everything else must go. A large stock of flags from \$2.00 to \$10.00.

A lot of ladies' tan shoes, \$2.00 ones, selling at \$1.50. A lot of \$4.00 selling for \$3.00.

## WELLSVILLE.

### SANT'S REPORT GIVEN

Council Heard of Fogo's Shortage.

IT IS LESS THAN A THOUSAND

The Whole Matter Was Explained, and Council Is Now Wondering Where the Responsibility Will Be Fixed—All the News of Wellsville.

Council last evening heard the report of Expert Sant, who had been employed to go over the books of A. C. Fogo, late superintendent of the water works. The only members absent were James, Minor and B. Rand.

The auditing committee reported through Julius Goetz, and said they had gone over the books. Then came the expert's report. It showed a number of small clerical errors, and to March 10 there was nothing wrong. To that time Fogo had been walking in the straight and narrow way. Then the shortage began to appear. Receipts to the amount of \$23 were not listed, and expenses aggregating \$5.85 had been paid and no record made. Clerical errors of \$9.20 were reported, and the shortage was given as \$1,013.66. The treasurer, however, had \$130.24 in the Silver bank, and \$1.98 to Fogo's credit. J. W. Russell paid \$39.62 water rent, and Sant reported the check because he found nothing to show it was paid for that purpose, although Fogo had endorsed it. The shortage was then found to be \$881.44.

Solicitor Wells was questioned concerning the bond, and said he found the document contained the names of F. W. Silver, William Wooster, Doctor Tarr and A. G. MacKenzie as sureties. The bond said it was legal while he was in office, but the law said it only held good for the term which expired in April. He held that the city and not the water trustees were liable. O. P. Bowers moved Mr. Wells place the liability and report at the next meeting of council.

#### The Celebration.

Another meeting of the committee having in charge the celebration was held last evening. Final arrangements were made.

There will be cannon firing at 5 o'clock a. m. The parade, composed of all the orders of the town, together with a display from the business places, will start at 8 o'clock. The one-mile boys' bicycle race at 10 o'clock, followed by smaller races; at 10:30, potato race. Wheelbarrow, sack and egg races will consume the time until the noon hour.

The balloon ascension will take place at 1 o'clock. The first ball game with the Beaver Falls team will be called at 2 o'clock. A two-mile open bicycle race will take place at 4:30 p. m., for which seven prizes are offered, and a boat race at 5 o'clock. Fireworks on the river at 8 o'clock.

#### Lost Her Boy.

Mrs. Bert Phillips, who has been visiting at her father's, S. S. Cope, went shopping this morning, taking with her her two and a half-year-old son.

Suddenly the child was missing, and when all the easy hiding places near were searched, a hurried visit was made to the Cope store and to the abodes of other relatives by the now frantic mother, when the little fellow was discovered making his way back, having been taken out riding in a delivery wagon by a kind boy. The happening caused a commotion.

#### Father Against Son.

William Downard was heard in police court on a charge of assault, preferred by his son, Robert. The arrest was made by Chief Duncan. Sentence was suspended after four witnesses had been heard.

There is a charge of disorderly conduct against Robert. It was preferred by the father.

#### Trolley Party.

A car filled with happy young people last evening attracted much attention. It was a trolley party in honor of Miss Eva McCormick before she leaves for her vacation at her home in West Point.

#### News of Wellsville.

Mrs. Charles Stone, of Chicago, was expected on the morning train to make a visit with her mother, Mrs. William O. Hamilton.

Bert Vail, of Fifteenth street, is still quite ill with typhoid fever.

Joe Moore was in Pittsburg this afternoon on business.

## ATLANTIC TEA CO.

We Lead,  
Let Those Who Can Follow.

#### IT COST MONEY

For These Young Men to Take a Trip to Wellsville.

Last evening two well known people of the city boarded the evening train for the purpose of seeing the prize fight in Wheeling.

They got off at Wellsville, and their train pulled in on the switch to allow the eastern train to pass. When the young men returned they saw the eastern train on the main track starting to pull out, and rushed down and jumped aboard. They did not discover they were on the wrong train until they reached Walker. It was then too late to return, and they came home. Their friends are now having sport at their expense.

#### THE MAIN

Will Take Place Early Next Monday Morning.

The big cooking main arranged by local sports will take place next Monday morning, instead of Tuesday, as was at first stated.

All arrangements have been made, and a considerable amount of money has been placed on the different fights. The battleground will be on a hill within 20 minutes' walk of the Diamond.

Largest stock of fireworks in the city, at

#### ROSE & DIX.

A new line of neckwear at COHEN'S.

 the city by the printing of the above  
 Union Label at the head of their columns.

EAST LIVERPOOL, O., FRIDAY, JULY 1.

## "REMEMBER THE MAINE."

Did you put stamps on all your  
 checks today?

It is probable we will hear much more  
 of Fitz Lee than of Colonel Bryan when  
 the boy soldier moves his Nebraska regi-  
 ment east.

If superiority of force counted for any-  
 thing Santiago could not be taken by  
 General Shafter, but, apparently, force  
 is not to be considered.

SOME Republicans will oppose the an-  
 nexation of conquered territory to this  
 county, but their influence should not  
 go far. There are black sheep in every  
 fold.

THE newspaper correspondents at the  
 front can criticise General Shafter as  
 much as they please, but they will have  
 little influence on the brave and bulky  
 general. He knows nothing of their  
 criticisms, and, if he did, is doubtless far  
 too sensible to recognize the senseless  
 comments of a yellow journal. The  
 campaign will go on as it has been  
 planned, and no thinking man believes  
 it will end in anything but rout for the  
 Spaniards.

## MORE TROUBLE.

Poor old Democracy is to experience  
 more trouble. Grover Cleveland calls  
 on the gold wing and Colonel Bryan  
 calls on the silver wing to oppose "im-  
 perialism," but the wings do not take  
 kindly to the movement. They refuse  
 to flop together. Men like Henry Water-  
 son, and a lot of other fellows whose  
 opinions are not so valuable but have a  
 local influence oppose that policy. Thus  
 it can be seen that a reunited Democracy  
 is again impossible, and particularly if  
 "imperialism" is the issue.

## WE HAVE THE MONEY.

Secretary Gage said before a commit-  
 tee of congress not long ago that the  
 bond issue could not be taken up by the  
 people, that it would fail as a popular  
 loan. Secretary Gage was mistaken.  
 Already more than \$160,000,000 of the  
 \$200,000,000 asked has been subscribed  
 by the people, and there are yet 14 days  
 in which subscriptions will be received.  
 The American people, those who toil  
 and earn their bread in factory, work-  
 shop, office and farm are going to de-  
 rive some benefit this time. And again  
 is President McKinley's wisdom shown.

## BUSINESS METHODS.

The business principles injected into  
 the official acts of the administration are  
 commendable in the extreme. By no  
 means the least of these is the fact that  
 Secretary Alger is now arranging to  
 have congress repay the different states  
 for the expense incurred in preparing  
 the National Guard and other troops for  
 the front. It will not be long until the  
 measure is a law and that matter at  
 least will be settled.

Compare this prompt action with the  
 attitude of the government since the  
 Rebellion. That struggle closed 35 years  
 ago, yet a number of states have never  
 received the money expended in aiding  
 in the raising of a volunteer army. In  
 one instance a business man has seen the  
 necessity of paying the bill now; in the  
 other the matter was looked upon as in  
 safe hands, and as a result some states  
 will never receive a cent.

—John Ford has returned from a  
 visit with friends in Scio.

## HIT BY A STREET CAR

Jack Clendenning Knocked Down and Hurt.

### OFFICER AFTER THE MOTORMAN

The Matter Was Reported to Mayor Bough But Nothing Has Yet Been Done—The Injured Man Is at His Home on a Boat.

John Clendenning, who lives in a shantyboat near the flint mill, was seriously injured shortly before noon by being struck by a street car.

Clendenning was employed by H. S. Rinehart in unloading bricks in the West End. He was in the act of crossing the track when a car coming up the grade struck him, throwing him to the ground. The patrol was called and he was taken to the office of Doctor Elliott. An examination was made, and it was found he was injured about the head and his left hip was badly bruised. No bones were found to be broken but internal injuries are thought to exist.

He was taken to his home in the patrol, and this afternoon his condition was not improved.

Councilman Peach investigated the case, and as there seemed to be no excuse for running the man down Officer Mahony was sent to find out what excuse Motorman Ira Clark had to offer, and received the answer that he was running his car backward and had no gong on that end of his car. Mr. Peach then told the officer to notify the mayor of the affair. Manager Hoefgen will also be notified by Councilman Peach and an effort will be made to prevent carelessness in the future.

The mayor will also be asked to instruct the officers to see that motormen obey the ordinance in regard to ringing their gongs at crossings, as scarcely a day passes that teams do not have narrow escapes from being run down.

Last night at the corner of Fifth and Washington a buggy narrowly escaped being hit, and this morning at the same place a heavy wagon was almost struck and only the quick stop of the car saved an accident. The cases would not have occurred had the motormen been ringing the gongs.

### THE STAMP ACT.

It Became Operative When Business Began Today.

The new revenue law became operative today, and business men in the city are now conducting their affairs according to its provisions.

The banks had stamps for their customers, and checks and other documents were marked accordingly. The supply of stamps in town is small, but there will be many others tomorrow.

N. G. Macrum this morning received a telephone message from Collector Frank McCord, at Cleveland, saying that large quantities of stamps had been received at the office and they are being sent out today. There are no stamps for druggists in town as yet, but the First National will have them in the morning.

### LITERATURE FOR SOLDIERS.

Librarian Galbreath Would Send Them Books.

Mayor Bough is in receipt of a letter from C. B. Galbreath, state librarian, explaining the plan to provide Ohio soldiers with literature.

The plan is to solicit books, magazines and pamphlets from the people of Ohio. These can be sent to Columbus, and from there to the front.

Donors may write their names on what they send.

It is hoped by Librarian Galbreath, who is much interested, that all will join with the library commission in making the move a success.

### EARLY IN THE MORNING

Will the Big Flag Pole Be Erected in the Diamond.

Workmen will tomorrow erect the flag pole in the Diamond. The work will be commenced between 3 and 4 o'clock in the morning and the pole is expected to be in position by 7 o'clock.

### Just Drunk.

At 10 o'clock last evening a quartet of drunks made a lot of noise in West Market street. They came out of a saloon near Sixth street, and from there to Starkey's lane they made life a burden for other pedestrians. No arrests were made.

### Will Be Here.

The trustees of the campground today received a letter from Evangelist Harris and wife, stating he would be able to take charge of the music at the ground in place of B. H. Kennedy.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

### THOSE APPROACHES

Cause Council and the Commissioners to Think.

The county commissioners and councilmen yesterday afternoon viewed the Jethro bridge for the purpose of making arrangements toward filling the approaches to the trestle.

The commissioners wanted to expend \$30 on the approaches, while council wanted them to remove the dirt from under the trestle at the western end of it and thus make a roadway under the bridge at a cost of about \$100. The matter was left with Engineer George to settle.

Manager Hoefgen, of the street railroad company, also made a request of the commissioners that the approaches be left as they are until after the guard rails are put up, as it would be dangerous to drive across the bridge. It is probable his wish will be granted and nothing will be done with the approaches until the rails are in position.

### DECORATED THE ROOMS

For the Brotherhood Convention to Be Held Next Week.

The rooms of the Brotherhood have been very beautifully decorated with flags and bunting for the annual convention which will convene Tuesday morning. They have also purchased a handsome flag which will be flung to the breeze from the window.

The first day of the convention will be spent in organizing and seating delegates. The convention has no special matters to discuss, but will deal with the trade in general.

### CLEANING THE MONUMENT.

It Will Look Much Better Than Usual.

Work was commenced this morning cleaning the monument in the Diamond, and as a result it will look much better when the crowds gather next Monday morning.

The monument and the soldier surmounting it have never been cleaned since they came from the factory, and the improvement is marked.

### Plenty of Work to Do.

The street force at the present time are a very busy set of men.

Yesterday a sewer at the foot of Franklin street was cleaned, while the bridge at Ravine street was repaired. A fill is being made at Church alley today, and the principal streets are being cleaned.

### Going to Washington.

Next Tuesday the following persons will leave the city for Washington where they will attend the National teachers' meeting:

Prof. R. E. Rayman, Misses Ella Huston, Sarah and Elizabeth Hall, Ella B. Hill, Lina Joseph and Maude McGahey.

Several of the party will visit Atlantic City before they return.

### Sixteen Cars Yesterday.

Plenty of business was handled at the freight depot yesterday, and during the day about 16 cars were loaded and sent from the outboard sheds. Receipts are increasing and a general advance in business is noticeable.

### Left For England.

Joe Snape and wife, of this city, left at noon for New York, from where they will sail for England tomorrow.

### A Picnic.

The United Presbyterian Sunday school yesterday picnicked at Columbian park.

### To Initiate Officers.

Lucy Webb Hayes council this evening will install officers for the ensuing year.

Ladies' tan shoes all reduced—selling regardless of profits, at  
\* SAMPLE & NEAL'S.

Wear one of Cohen's straw hats. \*

## THE CANNON EXPLODED

Charles Gaston Now Has a Sore Face.

### HAPPENED AT THE PICNIC

The Small Boy Loaded the Gas Pipe With Too Much Powder, and When It Blew to Pieces He Was Badly, Although Not Dangerously, Burned

The first Fourth of July accident of the season occurred yesterday afternoon at the picnic held at Columbian park.

Charlie Gaston, a small boy who lives in Sixth street, had manufactured a small cannon out of a piece of gas pipe, and had taken it with him to the picnic, with a lot of ammunition. He enjoyed the sport in the morning, and in the afternoon prepared to begin his celebration.

The cannon was loaded and fired without any damage resulting, and for several times it worked all right. It was finally decided to increase the load, and when it was touched off the gas pipe exploded, and young Gaston, who was standing near, had his face filled with powder and burned in a frightful manner.

He was taken to a physician where a thorough examination was made, and it was found none of the powder had penetrated his eyes and he was not seriously injured, although he will suffer for some time with a very sore face.

### Short Session Expected.

The board of education will meet in the directors' room in the Central building this evening. There will be no supplies purchased, as was decided upon at the last meeting. Mr. Peach will bring the matter of laying the pavements about West End school before the meeting. The session is expected to be a short one.

### No One Came.

No movings were handled at the freight depot yesterday, something that has not happened for several months.

### PERSONAL MENTION.

—A. G. Shade, of Verona, was in the city yesterday placing a few orders.

—Miss Maude McGahey is today at Beaver Falls attending the funeral of a friend.

—Miss Edessa Phillips left on the noon train for Butler, where she will visit friends.

—Miss Lillian Brookes left this morning for Akron, where she will spend several days visiting her sister.

—George Cox and wife will leave tomorrow evening on the Lorena for Long Reach. They will remain there several weeks.

—Miss Mary Jackman will leave this evening for Chicago, where she will remain several months, attending a summer school.

—Rev. W. H. Gladden and wife, who have been spending several days in the city visiting friends, have returned to New Brighton.

—Miss Veina Day will leave tomorrow to spend the Fourth at her home in Elwood City. She will be accompanied by Miss Grace Aley.

—A. L. Lindsay spent yesterday in the city, the guest of his brother, Doctor Lindsay, and left this morning for his home in Salineville.

—Mrs. Christina Pollock and son Harry will leave this evening for Cincinnati, where they will spend two weeks visiting relatives.

—Miss Tillie Worth and niece, Miss Minnie Robinson, left this afternoon for Chicago and Milwaukee where they will spend 10 weeks visiting friends.

—Misses Sarah and Nellie Watkins and Alice and Carrie Yates will leave next Thursday for a vacation of several weeks at Atlantic City and Trenton.

## THEY LIKE TO FIGHT

Company E Had a Very Warm Time.

SLEPT ON UNEVEN GROUND

Which Made the March Anything but to Their Liking—How the Boys Are Spending The Warm Days Down at Camp Alger.

CAMP ALGER, June 28.—[Special]—A tired lot of boys straggled into camp this morning, after a long march under a blazing sun, and their first taste of what awaits them at the front was experienced.

That long looked for trip to the Potomac is now a thing of the past, and the boys of the Second brigade are not anxious to have it soon repeated. The soldiers were lined up in heavy marching order early yesterday morning and at 6:30 marched to the parade ground where the regiments were formed. Each man was supposed to carry one day's rations, but owing to the weight, a number concluded that provisions could be purchased enroute, and such things as raw potatoes, onions, salt pork, etc., were refused by many who only saw their mistake when the cooked rations provided were consumed. The trip to the river was uneventful. Camp was pitched on a rough hillside about a mile from the river, and the boys started for a bath. The place selected was dangerous, there being such a current that it was impossible to swim up stream. About 3 o'clock Private Dearth, of Company D, Sixth Illinois, ventured too far out, and was caught by the current. Cries for help brought a comrade to his assistance, who succeeded in bringing him within a few feet of the shore, but being almost exhausted he was compelled to let go, and Dearth sank for the last time. He was 32 years of age, unmarried, and leaves two sisters in Davenport, Ill. Deceased was popular with his regiment, and his end cast a gloom over the camp for the remainder of the day. A police boat was dispatched to drag for the body, but the water is unnavigable and the search was abandoned. His body when it come to the surface will be found many miles from the point where he went down.

After a miserable night on uneven ground the boys started homeward. The Eighth was attacked by the Sixth Massachusetts from the brush, and after several repulses a hand-to-hand encounter took place, which resulted disastrously to a private of the Massachusetts regiment. A soldier in his excitement forgot that blank cartridges were dangerous at 25 feet, and placing the muzzle of his gun close to the head of a soldier pulled the trigger. An eye and the whole side of his face were shot away, and he is in a precarious condition. An Irish officer of the Sixth Massachusetts was captured by a sergeant of Company B, but not before he had inflicted several severe cuts with his sword. This matter created quite a commotion, and it was with some difficulty that the disturbance was quelled. Skirmish after skirmish was participated in, and the Eighth arrived in camp in tatters, the brush having played havoc with their uniforms. Many dropped along the route from exhaustion, and were relieved of their equipment by the wagons. Considerable trouble is experienced in getting the goods sorted.

Lieutenant Hall again distinguished himself in today's engagement. He was sent out with an advance guard, but was shortly called in and ordered to proceed to the pike to intercept the rear guard of the Sixth Massachusetts. He double-timed his men for three miles without halt, with but the loss of two or three men from exhaustion. There was no time to lose, and quickly deploying his company he surrounded the enemy, who saw surrender their only hope.

Corporal Hackworth and Private Charles Cox are at the division hospital afflicted with measles. Both are getting along nicely and will be returned to the company in a few days.

Captain Hill is on a fair way to recovery, and expects to take charge of his company tomorrow.

A heavy rain put down the dust this afternoon, and several of the boys took advantage of a free shower bath by disrobing and parading the streets.

No orders have yet been issued for the Eighth to move, although many rumors are afloat as usual.

## SCARED SOME WOMEN

Jack the Hugger Made Another Appearance.

OFFICERS WERE AFTER HIM

But the Fellow Slipped Away In the Darkness and Could Not Be Found Some Excitement In the Vicinity of Ravine Street Last Night.

"Jack the Hugger" last night again made his appearance in the vicinity of Ravine street, and succeeded in frightening a number of women by his actions.

The fellow stands in a dark place, and as a lady passes he jumps out and grabs her. She of course screams, and he immediately lets go and proceeds to run. He has been in that section of the city before, but it has been several months since he was heard from.

The case was reported to Officer Grim late in the evening by a young man who resides in Avondale street, and notifying Officer Whan they went to Ravine street, where they spent several hours trying to locate the hugger, but he had made his escape.

The police will make every effort to catch the fellow, and the vicinity of Ravine street will be closely watched, and if he is caught he will receive a salty sentence.

"Jack the Peeper" has made himself very scarce since he came near receiving some cold lead at the residence of Reverend Reinartz, and the hugger will receive the same dose if some of the residents catch him as they are very much incensed at his actions.

EAST LIVERPOOL, O., June 29, 1898.

To the Editor of the NEWS REVIEW:

DEAR SIR—I desire to express through your columns my thanks to the Western and Southern Life Insurance Co., of Cincinnati, O., for the prompt payment of claim on the death of my child, Annie M. Clendening. This is the second claim I have received from the same company, and each one was paid within 24 hours after proofs of death were taken.

Such promptness is only one of the many advantages of insuring in a first class, reliable home company.

Yours respectfully,

ELLA CLENDENING.

#### TO THE ADVERTISERS.

The Evening News Review has the largest bona fide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.

HARRY PALMER,  
Owner and Manager.

#### TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

Printed envelopes, either 6 or 8 in size, at the NEWS REVIEW, from 95 cents per thousand up, according to quality. We defy competition in workmanship or material.

#### LOCAL BREVITIES.

The Globe pottery shut down today for a loaf of two weeks.

Ex-Recorder Abram Moore, of Lisbon, is in the city visiting friends.

The electric light at the corner of Sixth and Broadway was out last night.

Ed Davidson, of Broadway, will enter his horse in the races at Palestine next Monday.

The Carpenters' union met last evening, but transacted no business of importance.

William Anderson and bride returned yesterday from Tiffin and will make their future home in this city.

Little Gertie, owned by Ed Neal, is slated to race against time Monday afternoon at Columbian park.

Frank Crites, who had his arm severely burned in an explosion a few days ago, is again able to be out.

The children who will furnish the music for the Fourth of July celebration will meet this evening for practice.

Charles Goodwin and Louis Weaver will leave next week for Atlantic City, where they will spend several weeks.

A street car jumped the track yesterday afternoon, at the Jethro switch, and delayed traffic for a short time.

The little son of Ted Hickey yesterday had his foot severely burned by stepping on a steam pipe at the McNicol pottery.

All the towboats that have been tied up at Merrill for several days were able to get to Pittsburg on the rise late last night.

The dance given last evening by the boys of the Columbian club was well attended and was most enjoyable. They will give no more dances for several weeks.

This morning the western side of the Diamond was barricaded in order to prevent all possibility of an accident while the large flag pole is being erected.

Consul Charles E. Macrum left today for Washington. A number of friends were at the station to bid him goodbye, and wish him all the success possible in his new position.

Mr. and Mrs. Alex McGraw and Mrs. Frank Eckler left yesterday afternoon for Damascus, where they will visit friends. Mr. McGraw is slowly recovering from a serious illness.

Chief Johnson left a message on the mayor's desk, this morning, stating he had been called out of town. Everybody wondered where he went, but nothing could be learned about him.

The Ohio Valley Camping club will leave tomorrow for Kumbolton, Guernsey county where they will camp for three weeks. The organization has a membership of 20, and expect to have an enjoyable time.

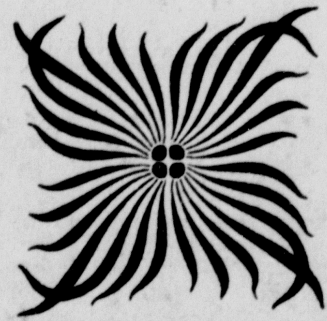

The steamer Oneida which has been in the Pittsburg and Monongahela trade for several years, has been sold to Parkersburg people. The boat will pass down tomorrow to its new trade, providing there is enough water.

Lieutenant Johnson and his company when they are summoned to Lisbon to be inspected, will march overland. The entire company will leave here about 4 o'clock in the morning, and they expect to be there by 10 o'clock.

There was no business in police court this morning, and everybody in the mayor's office was busy keeping off the flies. Not an arrest was made during the night, and the jail door was wide open this morning.

The Red Men and Daughters of Pocahontas held their annual picnic at Silver lake today. The special train consisted of 15 coaches and one baggage car. The train left the Second street station at 8 o'clock and arrived at Silver lake at 11 o'clock.
